

Sam and Mary Glynn married in 1955. They are good friends with their three children and love every minute they spend with their four grandchildren. Sam practiced dentistry for 16 years. They spent three years as missionaries in the Philippines and two years in Washington, D.C. giving leadership to the Christian Embassy. They have traveled nationally and internationally conducting seminars on Living Above Your Circumstances, Successful Stress Management, Marriage Enrichment, and Parenting Without Stress. Their desire to see others enjoy good family relationships led them to spend the many hours it takes to write a book.
